

Oscilloscope Music

Jerobeam Fenderson

General booking information

Liveset: audiovisual live performance with a laptop and an analog oscilloscope, ca. 40min

what needs to be available on site:

- PA with 2 audio channels + cables (TRS jack)
- video projector (HDMI, 720p or higher) + HDMI cable
- projection screen above or beside the stage
- table, ca. 1m*1m*1m
- 4 sockets (Europlug)

Workshop: Anything Oscilloscope Music related, walk-in or frontal presentation. For OsciStudio workshops you'll probably want Hansi there.

Fee: €400 + travel costs and accommodation + 13% VAT (reverse charge is possible if you have a European VAT identification number). If you're an idealistic hackspace with a tight budget or whatever, we can probably agree on a bit less ;)
